***Eversource Tree Trimming***

*Eversource is planning to remove trees and brush adjacent to and beneath most of its power line within the town of Wilton. According to Eversource records, show that Heald Rd, Kimball Hill Rd, King Brook Rd, Russell Hill Rd, Sand Hill Rd, Wilson Road have been designated as scenic roads by the town. Please consider this letter to be a request from Eversource for a public hearing for the trimming and removal of trees on these and any other scenic roads within the proposed work area pursuant to RSA 231:158.*

No representative from Eversource present.

***PB-SD05-0816 - Haithcock***

*An application by John Haithcock to subdivide the H-94 into two residential lots on Mason Road. The zoning of the lot is Residential and Agricultural and the lot is outside the Wellhead Protection Area. The current lot is 4.778 acres and the proposed lots would be H-94 = 2.573 acres and H-94-1 = 2.204 acres.*

Michael Ploof from Fieldstone Land Consultants representing Mr. Haithcock.

Mr. Faiman asked the lots to be re-numbered as H-94-1 and H-94-2.

Abutters are not opposed to houses being built on the lot, just a concern that the building of two houses on the road will prevent the other lots on the road from being subdivided in the future. This is an easement question and the documentation for the easements and deeds were presented.

The board requested both a letter from the road agent and the fire chief before accepting the case and hearing further. Mr. Ploof to determine if there is a change in access and requirements if there are four homes on the road vs. two.

Mr. Ploof confirmed the survey was a field survey so numbers are accurate.

The error on note #11 will be corrected

**Lunn**

Ms. Roberts asked if the Sacred Heart repurposing (Rev. Lunn) case was on agenda. This will be discussed at the October 5, 2016 Work Session.

**Change of Use**

Mr. Kandt stated the Planning Board can no longer be in the business of deciding if someone needs a site plan. The building inspector and the selectmen need to determine this. The Planning Board is getting stuck in the weeds trying to make these decisions and slowing down the process of starting a business in Wilton.

- Mr. Shepardson stated the requirements for this need to be very specific.

- Ms. Roberts asked NRPC if other towns have this problem and NRPC representative Jen Czysz stated other towns do not face this problem and Wilton has more “Change of Use” issues than other towns.
- Ms. Spittel to get this discussion added to the Selectmen agenda.

### **Impact Fees**

Mr. Kandt spoke with the Town Administrator about the notification of people about Impact Fees. Ms. Spittel asked if NRPC could add this to the checklist for subdivision.

### **Building Inspector Fees**

The Planning Board has discussed the updating of the Building Inspector Fees but no record on file is found so this needs to be noticed for October 19, 2016 for discussion.

### **NRPC**

NRPC will now provide all wording for public notices.
